Your purchase of new and gently used items helps support us building more homes for families in need.

Did you know that every dollar donated to Habitat goes directly toward building homes for families in need?

That's because the net income from our 3 ReStores cover 100% of our administrative costs. Our ReStores located in Owen Sound, Hanover and Port Elgin sell quality new and gently used furniture, building materials, household décor and many one of a kind items. Every purchase helps Habitat build homes.

Donate

We rely on the generosity of people, businesses and foundations to help us with our work building homes for families in need of affordable housing.

Donations of money, construction materials, services and products for our ReStores not only help build houses today, but also in the future

Our Mission

*We create opportunity for people to **THRIVE** through innovative housing solutions.*

"I volunteer with Habitat because it gives me a chance to give to others, but in reality, I get so much in return. I don't have a trade or any special skills to offer, just a desire to help others and really, that's all you need."
