

ASPIRE

YOUTH SKILLS TRAINING PROGRAM

Brought to you by Habitat for Humanity Grey Bruce

THIS TRAINING PROGRAM WAS MADE POSSIBLE WITH THE SUPPORT OF **HABITAT CANADA'S EVERY YOUTH INITIATIVE** GRANT FUNDS AND THE GENEROUS FINANCIAL SUPPORT OF **SCOTIABANK**.

Habitat for Humanity Grey Bruce hosted local youth in Aspire, our unique skills training program, from July 8th to August 2nd, 2024. Over 4 weeks, participants received on-the-job training, certifications, and life skills that will have a long-lasting and life-changing impact. Each participant also gained valuable knowledge of health and safety practices of homebuilding construction with employment coaching and one-on-one support. This multi-faceted program followed a "3 E" framework designed to:

- Educate
- Experience
- Empower

The program is a pathway for youth to eventual meaningful and well-paying employment in the skilled trades.

The group experienced hands-on homebuilding construction training at Habitat's Build site in Chippewas of Nawash Unceded First Nation.

The 5 successful participants celebrated their graduation from the program with the Habitat team and look forward to continuing to learn about new home construction in the future.

THANK YOU FOR YOUR PARTICIPATION AND SUPPORT OF HABITAT FOR HUMANITY GREY BRUCE
